

## Deceived (Volume 1)

Five stories of men and the secrets and lies that shape their lives... *Deceived*—The hatred between Prince Benedict and his secretary Rae is well-known, and the source of much gossip at court. Each one too stubborn to walk away, determined to make the other one the first to break, they spend their days fighting or ruthlessly ignoring one another. Determined to put an end to the matter once and for all, and to give the notoriously rakish Benedict a taste of his own medicine, Rae sets upon a deception only to realize that there is more than one deception afoot... *Scandalous*—Gideon has led a very strict life since the death of his parents, determined not to live the scandalous life that led to their untimely demise and to bring up his little brother in a more stable home. Journeying home to settle the matter of a new tutor for his brother, Gideon is waylaid overnight by foul weather at an inn. He encounters a beautiful young man who is more temptation than he is able to resist, and Gideon impulsively decides that one night, with a complete stranger, cannot possibly come to any harm... *From Afar*—Pierce has all that anyone could want in life—an adoring brother who raised him when their parents died, the fame and adoration from being an accomplished fencer, and the best friend a man could have. What he wants, however, is to know the identity of the person who leaves him ardent love letters and why his admirer will not step forward... *Lessons*—There is very little that Jude has not tried

or seen, and his shameless behavior has earned him the reputation as the most notorious rake in the city. The one thing he does not do, however, is innocents. Then he chances upon a young man late at night in the park, amused to learn the man is attempting to write a love letter of all things. When he learns that Crispin despairs of ever catching the eye of his love because he is too innocent to be appealing, Jude impulsively offers to teach him all that he needs to know... The Highwayman”When he receives word that his home is being plagued by a highwayman, Bartholomew immediately sets off for the family estate to see to the matter. When he arrives home, however, he learns that very little is as he remembers it. Instead of one problem to solve, Bartholomew finds himself contending with a highwayman, a murderer, strangers, and an old friend who is nothing like the boy he grew up with...
