

Fundamental Questions: Challenging the Idea of Biblical Perfection

Fundamental Questions is a book that dares to ask the harder questions about fundamentalism, and the oft-held, not so often debated question of biblical perfection. Written by an ex-evangelist from the Church of Christ who, after ten years of study and preparation for the ministry, began to ask some harder questions that rocked the foundation of his faith. The first part of the book gives a personal view of those who believe in the perfection of Scripture, and why denying their perfection is much larger than admitting some mistakes in the holy word. The second part presents some of those questions, which when followed to their end, present a completely biblical challenge to the notion of inerrancy. Lastly, the book offers some helpful advice to those who are seeking to walk a new path. This is a great book for those who are asking questions themselves, and a good reference work for those trying to understand why fundamentalists are so rigid in their belief that the bible is the perfect word of God. It is the authors hope that this will find its way into the hands of those committed to make peace, either with life itself, or with others who oppose their views about God and Christianity. Authors Note: This is not the same David Jeffers who published Understanding Evangelicals. Different guy. WAY different. Michael David Jeffers was raised in a fundamental church, and for ten years studied to become an international evangelist, preaching and teaching in the

U.S. and Jamaica. He currently resides in Indiana with his daughter and proudly displays his deepening crow feet with every passing day. He is still asking questions.

Fundamental Questions: Challenging the Idea of Biblical Perfection Fundamental Questions: A Biblical Challenge to Biblical Perfection by Michael Fundamental Questions: Challenging The Notion Of Biblical Perfection by Michael Fundamental Questions: Challenging the Idea of Biblical Perfection Christian B. Scharen On the other hand this leads to an idealized understanding of the church: The church is seen in its perfection, rather than in its real condition. This leads to an understanding, either explicit or as an implicit consequence, of the church as Healy challenges ecclesiology on two fundamental questions.
