

Squashing Liberalism

Squashing Liberalism not only pokes hole after hole in today's liberal/progressive dogma, it does so in a way that'll leave you in stitches, yet still arm you with loads of unwavering and proven conservative points with which you can render silent any babbling Marxist moron. So whether you're a battle-hardened debate pro who enjoys a good laugh at the expense of liberals, an eager student in the fine art of triumphing over the left, or possibly someone who's not exactly sure where you fall within the political spectrum, Squashing Liberalism has something for everyone.
