

Jet Fighters Inside Out

Illustrated with detailed artworks and full-color photographs, *Jet Fighters Inside Out* is a comprehensive study of key air superiority and ground attack aircraft developed since World War II. Arranged chronologically, each aircraft has a cutaway artwork labelled with key items of interest, and accompanying photographs showing both the aircraft's cockpit and exterior in detail, from every angle. With detailed specifications for each fighter aircraft, all the major types are featured, including the Phantom II, MiG-21 and F-22 Raptor, making *Jet Fighters Inside Out* an essential reference guide for modellers and aviation enthusiasts.
