

Gator Girl: The Royal Seduction (Book 1)

Rule # 1) Heavenly Angels do not love because they are love. Everyone is a master Manipulator in this Paranormal Romance of fated love, where the lesson that has to be ultimately learned is that love cannot be manipulated. Kelsey uses profanity A LOT, and the story is told from her point of view, so be forewarned. There are graphic sexual scenes in books 1-5, and books 6-8 are completely X-rated 18+ MATURE AUDIENCES ONLY. This is not your normal paranormal Romance Series. Twenty-two year old Kelsey does not know that she is part angel. Her half-angelic mother died when Kelsey was nine, and the tragic way in which she died caused Kelsey to go insane. She had to be sectioned/put into a Psych ward for a year. After that year, everything about Kelsey's mother was wipe away from Kelsey's memory then completely stripped from her life. Kelsey's father, Thomas has kept Kelsey completely sheltered away in the small town of Gainesville, Florida, where Kelsey has lived all her life, and that has made her extremely naïve, which at times can make her appear clueless. Kelsey ventures out on her own for the first time at the age of twenty-two, on a perilous quest of revenge against her best friend. This one decision is the catalyst for everything opening up in Kelsey's life like a Pandora's box full of treasures, secrets, and impending doom. The first thing that Kelsey starts to discover is that her brothers are not who she thinks she they are,

that her friends are not who she believes they are, either, and the person that she believes that she loves, is all wrong. Prince Stephen Lyons has loved Kelsey since they were very young children growing up. Kelsey was chosen for him by her mother just before she died. Unfortunately, once Stephen gave Kelsey his heart, he was lost to her when Kelsey forgot about not only what had happened to her mother, but also that she had ever loved him. Stephen has endured many battles throughout the years to regain Kelsey's love. He had all, but given up on Kelsey ever loving him, when he found out that Kelsey was coming to him in New York to be a part of his apprenticeship. Stephen knows that Kelsey is a ploy by her father, Thomas and Kelsey's brothers to get him to bend to doing their will. However, what Stephen doesn't know is that there are others out there that have sought to keep him and Kelsey apart, and that now Kelsey is in grave danger. Nor is Stephen aware that, not only does he hail from Royalty, but he also is a part of whole other realm that plays a part in saving Kelsey from falling to the fallen Angels. The fallen will do everything to ensure that Kelsey and Stephen never come into the light. Stephen must decide between his revenge or if ultimately his love for Kelsey will prevail. Can Stephen ever trust Kelsey, again? This isn't just a royal play for Kelsey's heart, but an adventure in the pains of an undying love. This series is a journey for Kelsey to remember, and not only for Kelsey to remember her mother, but also so much more that has been lost to Kelsey. Throughout the individual books, the intent is to

uncover all of the hidden secret and lies. The reason why this is occurring at this time in Kelseys life is two-fold.1.) Angel children are tested by the fallen to see where their allegiance will lie... (i.e.) will they turn to becoming fallen.2.) Kelsey needs to learn about what actually happened to her mother. It will confound you the way that Kelsey has the ability to have compassion for the seediest of characters because she is truly conflicted by her human and Heavenly angelic spirits. Kelsey has not only advanced abilities that make her smarter, faster, and stronger than most humans that she has yet to uncover, but she also can fly, read minds, and do so much more.
