

Secrets of Becoming a Late Bloomer: Extraordinary Ordinary People On the Art of Staying Creative, Alive, and Aware in Midlife and Beyond

Its time to focus on what we gain with age, not what we lose... . In Secrets of Becoming a Late Bloomer, Connie Goldman and Richard Mahler confirm in a striking way what Ive believed for some time: we need a brand-new image of aging. That new image must replace yesterdays view of maturity as a period of stagnation and decline with the idea that the latter part if life can be truly exciting and a time of growth, productivity, and newfound pleasures-if we know the secrets of becoming a late bloomer. --From the foreword by Ken Dychtwald, Ph.D., President and CEO, Age Wave, Inc. A potpourri of wonderfully provocative examples of folks who respond creatively to the changing conditions in the later years of their lives. --Ram Dass, Author, lecturer, and spiritual teacher
