

James Boswell: The Journal of His German and Swiss Travels, 1764 (Yale Editions of the Private Papers of James Boswell)

This volume, first in the Yale Research Series of Boswells journals, covers his emotionally eventful youthful travels through the German and Swiss territories, from mid-June 1764 (after his law studies in Utrecht) to New Years Day, 1765, when he crossed the Alps for the next stages of his European tour, in Italy, Corsica and France. The volume is the Research Series parallel to Boswell on the Grand Tour: Germany and Switzerland, 1764, ed. F. A. Pottle (1953), whose annotation the editor, Marlies K. Danziger, has greatly deepened, expanded, supplemented and in many cases corrected.
