

Starting and Operating a Business in Arizona (Starting and Operating a Business in the U.S. Book 2015)

Starting and Operating a Business in Arizona (October, 2015 Edition) is the most complete tax and legal guidebook in existence for Arizona small businesses. The author, a retired attorney and CPA and a Harvard Law graduate, provides you with a detailed but easy to read explanation of the tax and legal ground rules you need to know to navigate successfully through the complex maze of federal and Arizona tax and business laws and regulations. The roughly 500 pages (if printed) of each state edition in this e-book series offer far more than a dry description of the applicable business laws and taxes, however. The lively text is peppered throughout the book with key points to consider, including Cautions, Planning Points, Important Points, and Update Notes that are highlighted to get your attention. FEDERAL LAWS AND TAXES Federal tax and legal coverage includes individual income, self-employment, estate, gift, and excise taxes, corporate income tax; payroll and withholding taxes; securities laws and regulations; environmental laws; minimum wage/overtime and child labor laws; ADA and other anti-discrimination and HealthCare Reform laws that apply to employers; immigration laws affecting hiring; OSHA job safety and health requirements; ERISA (employee benefits) compliance; the Family and Medical Leave Act rules; mail order sales and telemarketing regulations; Internet taxation and regulation; and much more.
