

The Anti-Supernatural Bias of Ex-Christians

A phenomenon is happening today at an alarming rate. More and more people are boldly proclaiming that they are no longer Christians, but ex-Christians. Many are now in fact, atheists. Can this be true? If they are non-Christians now, were they truly Christians to begin with? They will state without equivocation that they were in fact committed Christians, but no longer. What is the deal? The author investigates this and other areas related to the biblical salvation, even dedicating a number of chapters in which he reviews and critiques the book *Why I Became an Atheist* by John W. Loftus. The Christian-turned-atheists line of thinking (and resultant statements) merely creates more questions; questions that deserve to be answered. Join Fred as he works his way through the conundrum of statements and questions posed by the ex-Christian.
