

Your Gravity 2

Can gravity pull you back and never let go? Confused and distraught, Nicole Ashford wakes up in 1984 without knowing what has brought her back in time. Determined to find her way back home to her life in 2002, she sets out to find answers. But those answers lead her to what she never thought she'd find--the love of her life, Jax Reynolds. Torn between going forward and staying back, she must decide where she truly belongs. But is the choice really hers or does destiny have a different plan? This student/teacher romance unfolds over three volumes.
