

Billionaire Romance: Stranded With A Billionaire (The Complete Series)

From Amazon Bestselling Author, Lexi Duval, comes a new billionaire romance series, *Stranded With A Billionaire!* Readers should be 18+ for sexy scenes and swearing! **PART ONE** Libbys life is starting to come together, and now shes setting off on a private jet with billionaire Flint Young to help complete a new real estate deal. Shes only really along to gain experience, fresh out of law school as she is, but still its the opportunity of a lifetime. However, soon that opportunity turns to calamity, and the private jet taking them from LA to Sydney crashes somewhere in the Pacific Ocean. After knocking her head during the crash, Libby passes out to find herself alone on a tropical beach. Only shes not alone. Someones bandaged her head and saved her from drowning. Someones watching over her. And that someone is Flint Young. The only two survivors, he assures her that theyll be rescued, but as the hours turn to days, and the days turn to weeks, soon theyre having to use their wits to stay alive. And gradually, as Libby overcomes the trauma of the crash and the desolation of the island, she begins to realize that being stranded with a billionaire like Flint Young isnt so bad after all... **PART TWO** Life on the island goes on, and gradually Libby and Flint begin to consider the idea that they might never be saved. Soon, Libby is getting used to her little piece of paradise and the perfect man that occupies it with her; their own little Garden of Eden where they walk naked on

the beach and make love under the stars at night. But, such things aren't meant to last, and before long Flint is remembering all of the responsibilities he left behind back home. For Libby, her life is almost more full now than it ever was. But for billionaire Flint Young, it starts to become more and more restrictive. Slowly but surely, he turns his attention to the ideas of escape that they've both pondered, but have never considered too closely. Because escape via raft means huge risk and almost certain death...with sharks, currents, and great storms waiting for them out on the seas. But when Libby comes around, and they start working on the project together, disaster strikes, not once, but twice, leaving them both in an even more perilous position than when they landed... And soon, Libby might not be stranded with a billionaire anymore....but stranded all by herself. PART THREE Libby wakes to unfamiliar surroundings. White walls, a rush of people, the sound of beeping and humming. She's been saved...but has Flint? Soon she discovers that the man she's fallen in love with is alive, but that the island took its toll on him and his body. But still, nothing can now break the bond that has developed between her and this beautiful billionaire, the man who saved her and kept her alive for 6 months. But now they're back in the real world, and it's changed beyond all recognition. And Libby, who only days before was the most isolated woman in the world, is now one of the most famous. The question is, how will she deal with it, and how will Flint? And will the love they share now be broken apart by the realities of the

real world. Only time will tell, and soon, Flint has one final surprise that will change the course of Libbys life once more...
