

# Tafsir Al-Jalalayn (Great Commentaries of the Holy Quran) (v. 1)

A collection of the long-unavailable tafasir, or commentaries on the Quran, which help to properly explain and contextualize the revelation, this series aims to make leading exegetical works in translation, unabridged, and faithful to the letter and meaning of the Arabic widely available for study and research. Available for the first time in accurate and annotated English, this fundamental tome originally written by Jalal al-Din al-Mahalli and Jalal al-Din al-Suyuti presents one of the most easily accessible works of Quranic exegesis in a simple style and concise single-volume length. This volume is not only the classic introduction to tafsir but also the standard reference work for the language of the Quran in its literal meaning.
