Thereâ€™s never been a better time to discover the novels behind the blockbuster Starz original series Outlander. Blending rich historical fiction with riveting adventure and a truly epic love story, here are the first four books of Diana Gabaldonâ€™s New York Times bestselling saga that introduced the world to the brilliant Claire Randall and valiant Highlander Jamie Fraser: *OUTLANDER*, *DRAGONFLY IN AMBER*, *VOYAGER*, *DRUMS OF AUTUMN* *in the Scottish Highlands, 1743*. Claire Randall, a former British combat nurse, is just back from the war and reunited with her husband on a second honeymoon when she walks through a standing stone in one of the ancient circles that dot the British Isles. Suddenly she is a Sassenachâ€”an

â€œoutlanderâ€”in a Scotland torn by war and raiding clans in the year of Our Lord ... 1743. Claire is catapulted into the intrigues of a world that threatens her life, and may shatter her heart. Marooned amid danger, passion, and violence, her only chance of safety lies in Jamie Fraser, a gallant young Scots warrior. What begins in compulsion becomes urgent need, and Claire finds herself torn between two very different men, in two irreconcilable lives. *A Praise for Diana Gabaldonâ€™s Outlander novels* *â€œMarvelous and fantastic adventures, romance, sex ... perfect escape reading.*â€”San Francisco Chronicle, on Outlander *â€œHistory comes deliciously alive on the page.*â€”New York Daily News, on Outlander
