

North! Or Be Eaten (The Wingfeather Saga)

Janner, Tink, and Leeli Igiby thought they were normal children with normal lives and a normal past. But now they know theyâ€™re really the Lost Jewels of Anniera, heirs to a legendary kingdom across the sea, and suddenly everyone wants to kill them. In order to survive, the Igibys must flee to the safety of the Ice Prairies, where the lizardlike Fangs of Dang cannot follow. First, however, they have to escape the monsters of Glipwood Forest,¹ the thieving Stranders of the East Bend,² and the dreaded Fork Factory.³ But even more dangerous are the jealousies and bitterness that threaten to tear them apart, and Janner and his siblings must learn the hard way that the love of a family is more important than anything else.¹ All possessing very sharp teeth.² Murderous scoundrels, the lot.³ Woe!
