

The Marvels of the Heart: Science of the Spirit (Ihya Ulum Al-Din/ the Revival of the Religious Sciences)

Marvels of the Heart is thought to be the key volume of the 40-book *Ihya Ulum-Al Din* "Revival of the Religious Sciences", the most read work in the Muslim world after the *Qur'an*, and considered by many to be the *Summa Theologica* of Islam. These traditional teaching stories, which use the theme of the heart as a mirror, illustrate key tenets of Islam on the requirements of religion, living in society, and the inner life of the soul.
