

The Love and Relationship Personality Test (Practical Handwriting Analysis)

The Love and Relationship Personality Test Internet Dating? Speed Dating? Conventional Dating? Considering a Long Term Relationship? Know more about your date in 30 minutes that you might otherwise in 30 years Avoid the disappointment and heartache of failed relationships Find which relationship will last Discover whether you are compatible – Fantastic! You got me spot on, so I am sure you got my date spot on too. Thank you. • J. Pietrsen, Jacksonville, FA You™ve probably had relationships that appeared so promising, but turned out to be a total disaster. Or perhaps you™re already in a relationship and would like to get to know your partner on a deeper level. That™s why I™ve created this webpage. You™re about to discover amazing secrets about your date or your significant other: 1) how to identify what you most want to know about them 2) how to tell if you are compatible. No matter whether you are looking for a long term relationship or just a fun fling, you™ll be amazed at what you can discover. You are going to save time, heartache and disappointment. You™ll learn to identify the danger traits, instead of waiting for them to show up later. Just as an introduction, here are 10 things you™ll find out about your date/s. The Love and Relationship Personality Test With the divorce rate at over 50% in North America, not to mention all the other, less formal relationships that end, it™s pretty obvious

that most people need help in identifying the perfect partner. Which is why I know you™ will have much more satisfying relationships once you can tell:- Are we compatible?- Can s/he be trusted?- Does s/he want the same type of lifestyle as you?- What type of goals does she set?- Will we have fun together?- Is there a nasty temper hiding within?- Will s/he be overly emotional or not emotional enough?- Will s/he communicate feelings easily?- Will s/he listen to me?- Does s/he enjoy sex? If you are still looking for the right person, you can check each new date out as they appear, saving yourself so much time and heartache. If you are already in a relationship, you can together find out where you are compatible and where you may have to work on getting along. But either way, you are going ahead with your eyes open, armed with understanding and knowledge. In any relationship, the more understanding of each other, the more chance of success. How can you possibly do all this? By using the accurate and reliable science of Handwriting Analysis. It really works! It seems incredible that you can tell all that from just looking at their handwriting. But you can! You can tell if they:- will keep secrets from you- are manipulative- are sincere- will be loyal- will be physically demonstrative- are generous- show empathy and understanding- are an optimist or a pessimist- enjoy people- are argumentative- are aggressive- are irritable- intelligent- willing to listen to new ideas- willing to discuss things of importance- sensitive- adaptable- obsessed with sex- co-operative- guilt ridden- have unusual sexual preferences- have fears about sex-

a bragger- lack of interest in sex-
repressed- critical about sex-
overly strong family ties-
irresponsible- idiosyncratic-
frustrated- desire domesticity
With this information, you can
know if the relationship is what
you want, before you get
involved. But even more
important, before your feelings
get involved, and it becomes
harder to let go. With every
relationship from now on, you
can go forward with confidence,
knowing that what you discover
as you get to know her/ him in
person will be good news:
knowing that there is a much
reduced chance of any negative
surprises later on. Protect yourself
from heartache and unhappiness.
Avoid the waste of time of failed
relationships. Know from the
outset if this can be a satisfying,
positive connection. Buy The
Love and Relationship
Personality Test today!
