Welcome to the Best Years of a Mans Life Ignore the midlife jokes and stereotypes and see the middle years for what they really are: the absolute best phase of life thus far. You might not sense it yet, but all along your life, God has been showing and teaching you everything you need for a great second half. Steve Arterburn and John Shore will help you discover how your past and present--and all that youve tried to be--is the exact raw material you need to become the man you want to be. Here are tools you and your small group need to accompany the book Midlife Manual for Men. DVD includes seven sessions about eight to thirteen minutes each featuring Stephen Arterburn on camera sharing about midlife and beyond, the roles men fulfill including he-man of the universe, son, husband, provider, and father, and more. CD-ROM includes a small-group leaders guide and poster/bulletin inserts.
