

Prophetic Virtues & Miracles

This is a milestone work, the first work of its kind for many centuries. It is a compendium of Prophetic Hadiths (sayings of Prophet Muhammad), categorised under a number of headings and compiled with clear relevance to the lives and situations of people in the modern age. Prophetic Virtues and Miracles will prove invaluable to readers who wish to understand, in the light of the most authenticated and sourced classical Islamic materials, the responsibilities of Muslims in modern age, and the rights of others, and will provide clarity in relation to the Prophet Muhammads virtues and life, his methods of worship and spiritual practice and other aspects of his Sunnah. This work will be useful for academics in many relevant fields, whether researching the basis of orthodox Sunni belief and practice, or examining the contemporary Muslim response to religious extremism.
