

# A Rabbi Looks at Jesus Parables

Intended to appeal to both Christians and Jews, A Rabbi Looks at Jesus Parables is an introduction to the teachings of Jesus, and compares the similarities and differences in Jesus thinking to other Jewish sources from first-century Palestine. Each chapter uncovers hidden messages within each of Jesus parables, and discusses each parable within its first-century religious and historical context. The book attempts to build bridges of understanding between Christians and Jews by exploring the notion that we share a common history.
