

Beliefs: Pathways to Health and Well-Being

BELIEFS are the foundation of everyone's personal outcomes. This second edition of *Beliefs: Pathways to Health & Well-Being* includes new and updated material and offers leading edge technologies that rapidly and effectively identify and remodel limiting beliefs. It teaches you powerful processes for change and demonstrates how to identify and change beliefs using scripts from personal change work undertaken with individuals in workshops. These processes include re-imprinting, conflict integration, belief/reality strategies, visualization and criteria identification. You will learn the latest methods to change beliefs which support unhealthy habits such as smoking, overeating and drug use; change the thinking processes that create phobias and unreasonable fears; retrain your immune system to eliminate allergies and deal optimally with cancer, AIDS and other diseases; and learn strategies to transform unhealthy beliefs into lifelong constructs of wellness. The ISBN for the first edition is 9781555520298.
