

C S Lewis vs the New Atheists

The book will counter the new atheist movement using the arguments of C.S. Lewis, thereby appealing to readers interested in both loci and showing that there is nothing especially new about the new atheism. How might C.S. Lewis, the greatest Christian apologist of the twentieth century, respond to the twenty-first century new atheism of Richard Dawkins, Christopher Hitchens and company? Might Lewis own journey from atheism to Christian belief illuminate and undercut the objections of the new atheists? Christian philosopher Peter S. Williams takes us on an intellectual journey through Lewis conversion in conversation with today's anti-theists.
