

French Kids Eat Everything: How Our Family Moved to France, Cured Picky Eating, Banned Snacking, and Discovered 10 Simple Rules for Raising Happy, Healthy Eaters

French Kids Eat Everything is a wonderfully wry account of how Karen Le Billon was able to alter her children's deep-rooted, decidedly unhealthy North American eating habits while they were all living in France. At once a memoir, a cookbook, a how-to handbook, and a delightful exploration of how the French manage to feed children without endless battles and struggles with pickiness, French Kids Eat Everything features recipes, practical tips, and ten easy-to-follow rules for raising happy and healthy young eaters—a sort of French Women Don't Get Fat meets Food Rules.
