

# God - Won : Man - Nothing - Its Not what you think!

Humankind can be its own worst enemy! This work of micro fiction was written at a time when I was facing terrible situations in my life and the people around me, my family, friends and co-workers, were of no help. Several suggested I pray to God, but I was an avowed agnostic! Desperate, I created a God in my own image. One that I could relate to. My troubles soon resolved themselves, and this story was shelved. Years later however, I realized that even as I offended God, he heard my sincere pleas for help and provided exactly what I needed, just when I needed most. \* \* \* By the way, I'm no longer an agnostic!
