Budgets and Financial Management in Higher Education This thoroughly updated and expanded edition of the classic resource The Jossey-Bass Academic Administrators Guide to Budgets and Financial Management will help administrators become more proficient in their financial management roles. Grounded in the latest knowledge and filled with illustrative examples from diverse institutions, as well as helpful reflection questions, the book's guidance can be put to immediate use. In addition, the authors suggest ways of avoiding common pitfalls and address what to do when faced with budget fluctuations and changing fiscal environments. This book is vitally important for understanding the complex financial underpinnings of higher education. Could there be a more critical time for administrators to add to their knowledge in this area? I don't think so." Eugene S. Sunshine, senior vice president for business and finance, Northwestern University The authors have produced an easily readable and valuable resource for board members, administrators, students, faculty, or anyone interested in knowing about budgeting and the budgeting process. Their treatment of the subject is thorough and complete." Larry H. Dietz, vice chancellor for student affairs, Southern Illinois University, Carbondale This is the best nitty-gritty-how-to book on university budgeting that I have found. My graduate students at both the masters and doctoral

levels have found it to be a comprehensive, insightful, and useful tool in their graduate studies.” Linda Kuk, program chair, Higher Education Graduate Programs, and associate professor of education, Colorado State University
