

Up From Slavery: An Autobiography [with Biographical Introduction]

Up From Slavery is the classic autobiography of one of the most controversial figures in American history, Booker T. Washington. Up From Slavery, recounts Washingtons rise from a Virginia tobacco farm slave to his long standing tenure as President of the famed Tuskegee Institute of Alabama. Washingtons message is one of the advancement of African Americans through economic empowerment for as he put it, the individual who can do something that the world wants done will, in the end, make his way regardless of his race. His message of self-empowerment has been a dramatic force in the fight for racial equality and shall forever be remembered in the annals of American history.
