These are dire economic times, and for all too many, they will only get worse. This does not mean we have to be. The last 12 years has been a brutal journey for my family and me as I was forced to re-create my work and life. Finally, we are in a good place. Now I feel compelled to help others. In this book I will help you define your unique vision of a prosperous life, offer a holistic nuts and bolts approach to re-creating your right work and outline the critical new paradigms of money. This will help you get to a good place, faster, with much less duress and, in essence, to create a prosperous and happy future. But most importantly, it will help you create a beacon of light for your children in this challenging and bewildering new world order.
