

Exposing Greed and the Religious Systems ... in the Churches

Was something not quite right in that recent church service or on Christian TV? Did they ask for too much money or appear to be too religious? Guess what? You were probably right! This book dares to first take a strong stand for the truths in Gods Word. Then, using detailed quotes from actual church services, it is a scathing exposé and commentary on the flagrant ways that false ministers and televangelists operate contrary to the Word of God in todays society. This book is paradoxical in these ways:

- * Both encouraging and offending those fighting against tradition.
- * Our traditions are torn down and we are built up in Present Truth at the same time.
- * The evil one doesnt like his schemes to be exposed, but he delights in corrupting the church with his ministers.
- * This is a book with a GUARANTEE! The purchaser has authorization by the Holy Spirit to take back double the book price from my inheritance, if they dont save that amount by becoming savvy to the merchandisers of Gods Word. Those whose tactics are exposed by the book definitely wont be my new pastor friends, but lets kill a few more sacred cows & fire up the barbie anyway, shall we?
