

An Apple Trail Novella Series Bundle 1

A bundle of Keri Fords first three novellas in The Apple Trail Series. Collection includes: Through The Wall On The Fence In The Hay Through The Wall- She doesnâ€™t want wild and raunchy, just a little spiceâ€™! He wants commitment and long-term, not a quick rollâ€™! Two best friends who both want each other, but for very different reasons. The walls are thin in the Apple Trail Apartments. Ever since she moved in after her divorce, Stephanie has listened to her best friend next door getting busy. By the bed knocking on the wall and the gasping women, Stephanie wants to be one of those women on the other side. She just has to get the courage up to ask. The only woman Parker Madison ever wanted long-term was the very-married Stephanie. Heâ€™s tried finding a substitute, but there just isnâ€™t another woman like her. Now that shes available, he just has to keep his hands to himself for a respectable length of time after her divorce. Heâ€™s planning to make a move after eight months. Stephanie takes him by surprise after three. Does he fulfill her request and risk becoming that best friend rebound guy or wait it out to better his chances for happily ever after? On The Fence- Six years apart and my, my, things have changed. Specifically, his wider shoulders and tighter-fitting jeans. Shellie Chambers is supposed to be on a quick, relaxing break, visiting her lifelong best friend, Riley Hamilton. Seeing his dimpled smile all over again has her thinking their friends-only

relationship needs to add a lovers option in this small town. Flings, one night stands, and lovers are a thing of Riley's past. He's chased women, took up drinking and possibly more he couldn't remember until smacking rock-bottom. He managed to climb out of that hellhole and had no desire to go back. He has responsibilities now and a sensible head on his shoulders. Then Shellie turns up. She's saying and doing all the right things while looking just right, too. She leaves him torn: should he have her legs around his waist during her visit, or do right by himself and keep her at arm's length? In The Hay It's been a White Picket Fence life for Nicolette. Charming but tedious. She graduated high school, raring to go. Nothing is ever as easy as it seems, though. The fear of being stuck in a rut, living a dull day-to-day life, keeps Nicolette from settling on a career despite her six years of college. When the chance arrives for her to house sit, she takes opportunity by the horns for a playtime. She would finally experience life and find something to make her happy. Drew knows exactly what he wants. To run the family construction business. Too bad his dad doesn't think he's ready. They make a deal: Drew will help his cousin put up a new fence and after he's learned hard work, the construction business is his. Drew's not sure learning how to string fence line together will see him suitable for a career of paper pushing, but he'll do it. When Drew meets the wanna-be-free-spirited Nicolette in the small town of Apple Trail, Arkansas, his determined thoughts of what

heâ€™s always worked for begins to sway. Nicoletteâ€™s finding the fun in life during their temporary relationship. After she gets a taste of what living is supposed to be, how will either of them walk away?
