

Positive Aging: Every Woman's Quest for Wisdom and Beauty

In Positive Aging, Kaigler-Walker explores and illuminates the quest women must take to free themselves from this cultural trap. Using myths, fairy tales, and a series of practical exercises, she peels back the layers of misunderstanding that distort the true nature of female beauty. Identifying the problem as essentially one of the spirit, she guides women through the myriad erroneous assumptions and preconceptions about the primal role of female beauty and aging.
