

Essence of Insight: The Beams of Knowledge

Sayed Shirazi is distinguished for his intellectual ability and holistic vision. He has written various specialized studies that are considered to be among the most important references in the relevant fields. He has enriched the world with his staggering contribution of more than 1000 books, treatise and studies on various branches of learning. His works range from introductory works for the youth to literary and scientific masterpieces. Deeply rooted in the Holy Quran and the teachings of the Prophet of Islam, his vision and theories cover such areas as Legislation, Management, Environment, Sociology, Theology, Philosophy, History Human Rights, Law and Islamic beliefs or doctrine. His work on Islamic Jurisprudence (the al-Fiqh series) for example constitutes 150 volumes, which run into more than 70,000 pages. Through his original thoughts and ideas he has championed the causes of issues such as the family, human rights, freedom of expression, political pluralism, non-violence, and such like.
