

Taken by the Shifters: The Complete Collection

Curvy Elle Quinn is beyond delighted to meet the man of her dreams on a lazy day at the farmers market. Tall, dark and handsome Luke Rivers is equally smitten with Elle. The two can't keep their hands off each other from the minute they meet. Too bad their pleasure is cut short when a figure from Elle's past whisks her away from Luke. Elle is about to come face-to-face with a shocking revelation about her past. The most difficult part of all is that it doesn't just affect her but also her burgeoning relationship with Luke. Can their explosive connection survive the blast from her past or will the shocking news tear them apart? This is the first book in the Black Oak Shifter series. It is a standalone novel with a HEA ending.
