

Black Man White Justice

The author has a Ph.D. in Psychology with extensive training in both clinical and academic settings. He is currently living in exile in his own country due to his religious beliefs, prevented from working. About the book An amazing story of racially tinged religious persecution in the United States of America, driven by a conspiracy between the Judiciary, the intelligence community at the federal and local level, and the secret societies of Masons that control America. Driven by an attempt to hide the amazing fact that the author has spiritual twin with messianic powers.
