

Windows 10 For Seniors For Dummies

Your clear-cut, easy-to-follow guide to Windows 10. If you're a first-time, over-50 Windows 10 user looking for an authoritative, accessible guide to the basics of this new operating system, look no further than *Windows 10 For Seniors For Dummies*. Written by an all-around tech guru and the coauthor of *Windows 8.1 For Seniors For Dummies*, it cuts through confusing jargon and covers just what you need to know: navigating the interface with a mouse or a touchscreen, customizing the desktop, managing printers and other external devices, setting up and connecting to simple networks, and storing files in the Cloud. Plus, you'll find helpful instructions on sending and receiving email, uploading, editing, and downloading pictures, listening to music, playing games, and so much more. Whether you're upgrading to the new Windows 10 operating system with the hopes of keeping in touch with loved ones via webcam or instant messenger, viewing videos, or simply making your life more organized and streamlined, all the guidance you need to make the most of Windows 10 is at your fingertips. Customize the desktop and set up a simple network. Connect with family and friends online. Work with apps like a pro. Safely protect your data, your computer, and your identity. With large-print format for text, figures, and drawings, there's no easier way to get up and running on the new Windows operating system than with *Windows 10 For Seniors For Dummies*.
