

## The Logan Brothers - Books 1-4: (EXPOSURE, CRASH, TWIN PASSIONS, and ADDICTED TO YOU) (Romantic Boxed Set and Alpha Male Romance Series)

**EXPOSURE** (Kyle and Alice)  
Alice Newton doesn't live the college life she'd expected or hoped for. She's just lost yet another job, her college workload is mounting, and she's about to find herself homeless because she can't pay her rent. Kyle Logan runs a club, a club offering very specific services. One of his best workers, Jenny, has just run out on a client, leaving Kyle on the hunt to track her down. The path leads him to Jenny's empty dorm room, a dorm she vanished from during the night, much to her room-mates' confusion. That room-mate just happens to be Alice Newton. When Kyle comes knocking, the seeds for a mutually beneficial relationship are sewn. And, just as a bonus, Kyle is just about the most delectable man Alice has ever laid eyes on. The question Alice needs to ask herself is: how much is she willing to risk to build the life she's always dreamed of?

**CRASH** (Crash and Elle)  
Elle Harper is running scared. Running from a psycho ex-boyfriend left behind in California. Running from the great life that she took over a year to build. Crash Logan is troubled by the recent murder of his father, a death that puts him as head of the family. He's got businesses to run, a family to take care of, and the unrelenting thought of revenge on his mind. When Elle comes rolling into town, she finds herself quickly embroiled in so much more than she bargained for. Her new room-mate at college, Alice, just happens to be dating one of the best-looking guys she's ever seen, Kyle. That

is, until she meets his older brother Crash. As Elle begins to quickly build a new life away from her troubles, she finds that Crash Logan may not be the train-wreck that people would have her believe, and may just be the man she needs when her past begins to catch up with her.

**TWIN PASSIONS** (Jack, Cade, and Gemma) Zack Logan has always lived in his twin, Cades, shadow. Cade is the local hero in town, his epic victories in the boxing ring making him a major heart-throb among the local female population. But when Zack first sees Gemma on Cades arm, his jealousy begins to consume him. Gemma Watson knew Zack in high school, and they were best friends before Zack was expelled and ripped from her grasp. When she meets Cade in the gym years later, she thinks its Zack and is drawn towards him. Sucked in like every other girl in town, Gemma and Cade soon start a fast relationship, bringing her back into contact with the first boy she ever cared for...the first boy she ever kissed " Zack. But when Gemmas boss, editor of a national lifestyle magazine, steps in, Gemma is put in a position where her loyalty to both brothers will be sorely tested. With a big promotion dangling in front of her eyes, and the biggest fight of Cades boxing career on the horizon, everything builds to a crescendo, where pain, betrayal, and local scandal hang in the balance.

**ADDICTED TO YOU** (Jude and Amy) Sometimes you cant keep running from the ghosts of your past...sometimes you have to turn and confront them. Thats what Amy OBrien thinks when she returns to the city of Branton after a 3 year absence. She left

because of her father, because of what happened, because of who he was. But now its time to put the past where it belongs, and move on. When she meets Jude Logan, the youngest of the Logan brothers, her short stay in town takes a completely new turn. They meet under false names, neither of them knowing the significance of who theyre with “ the two families, the Logans and the OBriens, share an unsavory past. When Jude comes across her again, however, they still dont know who each other really are, until Conor OBrien, Amys father, steps in. And hes the last person in the city whose daughter you want to be pursuing.
