

Cry Myself to Sleep

The next book from the number one bestselling author of *Cry Silent Tears*. Joe was only five years old when he lost his voice. Only five years old when he was first beaten by his mother and raped by her boyfriend. And only nine years old when his mother sold him to a paedophile ring. At sixteen, Joe finally found the courage to escape and headed for Charing Cross station with no money in his pocket, no friends and nowhere to turn to. But the nightmare was far from over. Haunted by his harrowing past, Joe's life spiralled out of control. Living on the lonely streets of London, Joe turned down a dark path of crime and self-destruction and it seemed that he was bound for prison. Until the love of a good woman set him free... This is the ultimate story of triumph over evil, of survival and redemption. Heartbreaking, but unbelievably inspiring, it is a testament to the unbreakable resilience of a little boy who grew up into a remarkable man. Now that he has found his voice again, Joe speaks out against child abuse and helps support and protect other children whose lives have been blighted by it.
