

The Act of Marriage After 40

Yes, lovemaking does change after 40, but it is still the most thrilling experience two married people of the opposite sex can experience on this earth! In this practical, fun-to-read, illustrated guidebook, Tim and Beverly LaHaye cover a broad spectrum of key topics and show married couples how to experience a more satisfying and joy-filled sex life long after age 40. Millions of married couples have questions about sexual intimacy. Yet all too often, their questions go unasked ... or unanswered. This easy-reading, medically sound book candidly addresses issues of intimacy. Does sexual desire actually reverse with aging? How does menopause affect a woman's sex drive? How can exercise and nutritional supplements improve our sex life? Is there such a thing as male menopause? What can we do to put more spark into our lovemaking? You'll learn about sexual desire and dysfunction. Understand the risk and temptation of extramarital affairs. Gain a better understanding of menopause and the dangers of breast and prostate cancer. Learn how to prepare for, and adjust to, physical changes affecting lovemaking. You and your spouse can rekindle that sexual spark in your marriage--or build even stronger intimacy and commitment.
