

Bear and Bear Alike (A BBW Paranormal Shapeshifter Romance) (A Blackwood Brothers Book Book 3)

Ryland and Ryker Blackwood were twins. Identical, thigh-clenching bear shifter twins who had no trouble getting women into their beds. Or bed. They™ shared just about everything in life— even their women. The scent of the cat shifter they found on their construction site was driving both Blackwood brothers crazy with lust. Or was it? Every time they thought they were getting closer to finding the woman who would be their mate, one of their bears backed away. The hot and cold feeling they were getting from their animals was confusing the shit out of them. Was the cat shifter meant for one of them or both of them? This is a longer story at 70,000 - cause Ryker and Ryland are up to some nice naughtiness!!
