

The Bible Debate Handbook for Skeptics

People often argue that if we would just follow the teachings of Jesus, that this would be a better world. Jesus espoused that if you did not believe in him that you would burn eternally. This is arguably the most immoral concept in history. His other beliefs about communal living and the unimportance of property are impractical utopian beliefs. The Golden Rule existed already. The Bible has many defects. There are contradictions, immorality, bad science, ambiguous prophecies and factual errors. Translations can vary widely. This book spells out these immoralities and errors with references for easy checking.
