

Midnight Falls: The Beginning

Angel Michaels is on the run from an angry warlock, Eric, who wants her dead. She is a new witch who doesn't fully understand her powers. She knows it won't be long before he hunts her down and kills her. She has to make it to the only person that can protect her, Hunter McDaniels. Along the way she is distracted by a mortal, Wade Jenson, and his normal family life. Part of her believes she can walk away from the magic world and be normal with him, but Eric will have no part of it. What will her fate be? Can she be normal? Will she make it to Hunter's?
