This book could well be the battly cry of the baby boomer generation today. In his entertaining and motivating book, author Bob Basso, dubbed Americas Number One Fun Motivator by People Weekly, takes the reader along on the wild, wacky, adventure of a middle-age dropout halfway up a tree in the South Pacific. A healing and hilarious journey into modern maturity, this book offers a lighthearted approach to getting more fun out of life and discarding outdated attitudes that stifle thought and repress further development in the best years ahead. Basso offers food for the soul to anyone in the vicinity of fifty.
