

Meaning and Mystery: What It Means To Believe in God

Meaning and Mystery offers a challenge to the way Philosophy has traditionally approached the issue of belief in God as a theoretical problem, proposing instead a form of reflection more appropriate to the practical nature of the issue. Makes use of abundant illustrative material, from both literature, such as Les Misérables, Edwin Abbott's Flatland, Yann Martel's Life of Pi and Leo Tolstoy's A Confession, and popular culture, such as advertisements, the television series Joan of Arcadia and the film Stranger Than Fiction. Uses imaginative scenarios to offer explanations of central concepts. Incorporates theories on human thought and behavior in exploring the formation of religious belief. Written in a style that is accessible to readers with little background knowledge of philosophy.
