

EAA Oshkosh: The Best AirVenture Photography

You're invited to EAA AirVenture - a weeklong airshow so packed with aircraft that for one week Oshkosh's control tower is the busiest in the world. Every year the skies over Oshkosh, Wisconsin, rumble with the sound of aircraft engines. It's the annual EAA AirVenture, a gathering of aviation enthusiasts like no other. The weeklong airshow is sponsored by the Experimental Aircraft Association (EAA) - an international organization based in Oshkosh - and is the largest of its kind anywhere in the world. EAA Oshkosh showcases the many types of aircraft that have appeared there and even offers a glimpse of the lively crowds and campgrounds. At EAA AirVenture, hundreds of thousands of aircraft enthusiasts flock to the Wittman Regional Airport to gawk at an amazing collection of all things airborne. From handsome old canvas-covered biplanes to brawny warbirds to home-built models to massive jetliners, the traffic in the air and on the runway make the Wittman's control tower in tiny Oshkosh the busiest in the world. It's an adventure to be sure, and the highlights are all here. Organized according to aircraft types, EAA Oshkosh features: - Warbirds- Vintage aircraft- Home-built aircraft- Seaplanes- Ultralights- EAA firsts (i.e., the F-35, all of Burt Rutan, the SR-71, etc.) Drawing on the EAA's photo archive dating back to 1953, EAA Oshkosh brims with fascinating stories, history, and photography. Paging through it is the next best thing to actually attending the

show!
