

## The Temp - Part 2 (The Temp Series)

Part 2 of 3 of a serial series (needs to be read in order.) Warning: Ends with a cliffhanger Alice Bennett has a very good reason not to trust men, but her body and soul urge her to take a chance on Dylan Marshall, against her better judgment. Unable to quell her cravings, she relents and shares her scarred past with him. Desperate to find a way to get closer to Alice, Dylan sets plans in motion to learn what lurks in her past. After discovering a shocking link to his own past, Dylan struggles with the truth of his own secret, and whether hes willing to risk a future with Alice if she ever learned the truth. But secrets rarely stay buried! Warning: Adult language and sexual situations. Cliffhanger ending.
