

# Don Browning and Psychology: Interpreting the Horizons of Our Lives

This book focuses on Don Brownings rich investigative journey into Freuds dual instinct model, the relationship between human biology and culture, evolutionary psychology, William James instinctual pluralism, Erik Eriksons notion of generativity, the ethical implications of self-actualization in the humanistic psychologies of Rogers and Maslow, evil and self-realization in Carl Jung, the place of self-injury in the thought of Heinz Kohut, and other issues.
