Tomas Tranströmer's touching memoir. Written a few years after Tranströmer suffered a stroke that left him unable to speak, *Memories Look at Me* is Tomas Tranströmer's lyrical autobiography about growing up in Sweden. His story opens with a streak of light, a comet that becomes a brilliant metaphor for a young life as he tries to penetrate the earliest, formative memories of his past. This childhood life unfolds itself slowly in eight glistening chapters that gradually reveal the most secret of treasures: how Tranströmer discovered poetry.
