

# Man of a Certain Age: Happy Alcoholic Moves On (Volume 2)

Life is a game that changes dramatically as we all age. Of course, life is not what it was in your 20s as you push through your 40s. I can only pray that our 50s will be kinder and gentler, but we shall see. This book is the #2 or sequel to my first, long-winded and typed effort that covers almost 50 years of living in a few small places of America and big places beyond. This second effort you are considering goes into great detail about what is stupid, irrelevant, important, and vital to guys like me, a Man of a Certain Age, if you will....plus those who love such guys. Thanks for your interest and for considering this shorter read from this husband, father, and writer of some degree. More to come. Please stay tuned. Gracias, thank you, and Buen Camino!
