

# Problems and Solutions, Volume 2, Wiley CPA Examination Review, 1999-2000, 26th Edition

Published annually, this is part two of a two-volume paperback set which reviews all four parts of the exam, covering problems and solutions. Many of the questions are taken from previous exams which also incorporate all of the new question formats. With over 2700 multiple choice questions and 150 practice problems and essay questions, the set provides the information needed to pass the uniform CPA examination. The books and software combine over 230 AICPA content specification into the series of related modules which gives the candidate flexibility in planning. Each volume helps to build knowledge in a logical, reinforcing way that allows candidates to focus on the specific topic that needs the most work.
