

Into Egypt Again With Ships: A Message To The Forgotten Israelites

INTO EGYPT AGAIN WITH SHIPS explains the spiritual implications regarding the more than 250 years of chattel slavery, 100 years of Jim Crow, semi-permanent underclass status, and loss of true identity that African Americans have suffered in the United States. This book also reveals the biblical solution that will lead to the complete liberation of a people. All those who have descended from slaves, and consider themselves to be Negro, Black, or African American should have the audacity to read this book.
