

## Without a Doubt

This #1 New York Times bestseller is not just a book about a trial. It's a book about a woman. Marcia Clark takes us inside her head and her heart. Her voice is raw, incisive, disarming, unmistakable. Her story is both sweeping and deeply personal. It is the story of a woman who, when caught up in an event that galvanized an entire country, rose to that occasion with singular integrity, drive, honesty and grace. In a case that tore America apart, and that continues to haunt us as few events of history have, Marcia Clark emerged as the only true heroine, because she stood for justice, fought the good fight, and fought it well.
