Life is full of lessons, lessons learned not so much through what we have experienced as through the choices we made reacting to those experiences. This book is about the lessons I have learned as a dared to allow the secrets hidden deep within the recesses of my soul to surface, and be exposed to light. The release - some in poems, some in prose and some in brief stories, I now share with you at the encouragement of friends, in hopes that as you read, you may find the courage to allow the windows of your soul to open, allow the light in, and find healing for your soul.
